

A vote for Sleazy Theezy is a vote for financial discord!

This doesn't care about the wellbeing of the student body. Here at Brandon Valley, we pride ourselves on our above-average test scores and dedicated student body. This wants to send that hard-earned pride crashing to the ground by allowing semester tests to be waived if a student is just barely passing. Since when did *good* work become *good enough* work? We need a president who believes in the students and their abilities, not one who sets the bar faithlessly and carelessly low. But, what else would you expect from a supporter of Kangaroo Court?

This wants to bring back this horrific hazing-technique, however how could any young teenager possibly feel safe attending a school that condones bullying?? Think of the children! It is statistically shown that people who are victim to bullying during their youth are more likely to develop and struggle with depression, anxiety, and other mental disorders later in life. Don't let This bully your friends!

This claims he will better the students' lives by giving everyone MacBooks and a lounge room, however this claim is simply a distraction from the most important issue: money. **This wants to bankrupt the school!**

That's right, we see through his scheme! All the lavish luxuries This is promising his peers share one major flaw: we can't afford any of it.

This wants to bankrupt the school!

That's right, we see through his scheme! All the lavish luxuries This is promising his peers share one major flaw: we can't afford any of it.

That lounge room equipped with its TVs, vending machines, charging docks, ping pong table, and furniture is going to be awfully expensive. Plus, the average MacBook costs at least \$1,000--one for each of the roughly 1,000 students at BVHS makes for a grand MILLION dollars that the school does not possess.

Wider halls and larger parking lots would be fantastic, in theory. In reality, where is the money, land, and time for this complete remodel that will inefficiently make classrooms smaller than they already are?

Allegedly, school-hosted concerts are supposed to help raise funds for the school. As if any of our students would benefit from this; frequent concerts by well-known artists would cost far beyond what the school can afford, and ticket prices would be absolutely outrageous in order to make up for such losses. Only a fool would think these concerts would benefit our community!

A pasta bar, quarterly catered meals, soft serve ice cream? Yum.

Changing venues for every dance? Awesome. But where's the money?

How does This plan on paying for ALL these things? Bake sales and garage sales.

Yeah, right--as if that will cover the costs!

VOTE STERNBERG!!!
