

This is how excited Joe is to help his fellow classmates!

Go With the Mojo, Vote for Your Bro Joe!

Candidate Josiah McGee believes that we should raise money for the school by recycling. Why should you receive money for doing your part for the environment? Recycling is a free will choice; it is an act of caring that you should do from the good of your heart. Josiah, he just wants money. Candidate Joe Sandoval knows how big of an issue the environment is, not just local, but national, and wants to improve the recycling system, add solar panels, and much more. Joe believes in doing this because it is the right thing to do, it is a way to give back and help our community and world. Josiah doesn't want to help the environment, he could care less. Forget the dolphins and polar bears; money is the only thing Josiah is worried about is taking hard-earned money.

A few short years ago, our school installed an elevator in the freshmen hall. There is another elevator located at the north end of the school, in the sophomore hallway. Our elevators work perfectly fine and allow students to access all parts of the school if they are not able to use the stairs. Josiah wants to waste money on new elevators- do not let him accomplish this useless task!

Josiah's death glare is used to intimidate to the point of giving all of your hard-earned money to him.
