

Snap, Kunkel, **STOP!**

Anti-Freshmen

Prom should be for everyone! Haley doesn't want freshmen to go to prom, but sophomores can? Freshman should not be singled out for prom; they should be able to attend any school function!

Joe fights for freshmen rights!

**This is your next
President:
running to fight
for you!**

Haley Hates Football!

Haley wants to install a parking ramp, consequently cutting into our football stadium and practice fields, not to mention the surrounding neighborhood houses! Haley is anti-community!

**Beware of what Haley
is brewing up for our
school!**

Decreasing Income

Bake sales and car washes won't help cover the expenses that Haley has planned! Heated parking lot? We all spend more time inside the school than outside it, why would we need a heated parking lot? Not to mention, she wants to revamp all of the old classrooms, costing the school and community even more money!
