

Vote Josiah!

Candidate Alex Rogen has some good issues he discusses in his platform. But he's trying to make the school fat by providing Bacon, Pie, and ice cream at all times and keeping the vending machines on at all times. Rogen is trying to say that the girls in the school are ugly by offering a Cosmetology class. He is also trying to hurt the students of the school by playing disc golf on the roof. Rogen is trying to get a swimming pool off campus, what is that going to do? You might as well go to the Brandon pool it's the same thing. Rogen is trying to discipline kids by doing community service instead of the normal Saturday school. He is also trying to take kids money by making them pay to get there phone back after its been taken away. Rogen doesn't care about the education of the students because he is trying to provide a class where you would make Balloon Animal's instead of learning about animal's and other things that actually matter. Alex Rogen does not care about the students of BV. VOTE JOSIAH MCGEE!!
