

Saturday School/Cleaning

Joe Sandoval wants to change Saturday school and make the kids there clean. Is he promoting child labor? He is promoting child labor who knows what else he would promote. What's next? Slaves to do everything and anything he wants? He is also cutting the janitor's jobs, they need the job too. You are cutting peoples jobs which is what America needs.

Jack McCann

Anti- Joe Sandoval

Open Parking

If Joe creates open parking he would also create more car crashes. The kids driving to school would speed and do anything to get a good parking spot. Joe are you ready to pay more for insurance for the crashes. This is going to cost you! With set parking it keeps the parking lot in order.

Zip lining and skydiving

Are you trying to kill our students? What if something went wrong with one of them? With this and open parking there is a larger chance that a student will be injured and the last thing we want is injury or death in our school.

Kissing Booth

A kissing booth to raise money would promote any sexual activity. This would also increase the amount of PDA in the school. EWWW!
