Do you really think that we are going to afford a zip line! How are we going to protect ourselves from Terrorists if you cut military spending? In your commercial you killed a crocodile. What are you going to do next kill a baby kitten?

In the debate you were saying girls aren't awesome. We are going to go 50 trillion in debt helping you build your stupid little plans. We don't need any more parking space we have enough the way it is. You are trying to pretty much change the whole school our school is great the way it is.
