

Haters Gonna Hate, But Naters Gonna Nate!

By: Edik

Long

Long wants to add a third floor to the school. Do you really want walk farther to your classes? Its bad enough that some of us have to walk across the whole school to get to class, imagine what a third floor would be like. Plus, where is he going to get the money for this...? He is going to put us in debt.

Vote Nate Instead!

Long is trying to ruin our country! He wants to adopt an isolationist policy. This will make America not get involved in foreign issues. I know that sounds great but think about it, if we do that they wont help us out, then America will be DESTROYED!! VOTE NATE! And SAVE AMERICA!

Do you want to have open lunch? Well guess what, if you vote for Long he will charge you \$50 so you could have it. Its bad enough we have to pay \$75 for parking passes. Vote Nate, and he will give all classes, free open lunch. Why pay for it, if you could have it free.
